Dear Rev. Martin:

In connection with a book manuscript on the Eternal Verities [Movement of Destiny] that I have recently completed, it became desirable to prepare an Appendix item. Because of our past exchanges concerning vital Seventh-day Adventist positions on fundamental Christian truths, I thought I should like to send this item--still in tentative form--for your reaction.

I would be much interested in your reaction to this presentation, and the conclusion set forth.

I would deeply appreciate any personal comment you might feel free to make--not for publication or public use, but solely for my guidance.

May I thank you in advance for any response you may feel free to make.
